Wycom Enterprise Specifications

Check Signing Features:

- Offers easy-to-use browser-based log-in and administrator panel
- Secure log-in enables remote check printing
- Automatically prints and signs checks in a single pass directly off the printer
- Allows up to 3 signatures per check
- Signature titles and backgrounds available
- Enables optional protected amount only printing (when you do not want a signature)
- Supports unlimited accounts (e.g., payroll, accounts payable, share draft, purchase order, etc.)
- Keeps accurate tally of checks for audit control through non-resettable counters
- Counts signed checks, voided checks, or all checks

- Uses secure user log-in for enhanced security
- Offers 1U rack mount chassis
- Suppresses signatures for checks exceeding a pre-determined dollar amount
- Provides amount limits (e.g. add signature at amount, suppress signature at amount, void at amount)
- Adds forgery-resistant protected graphic amount while printing
- Saves time and offers greater efficiency
- Produces manual checks if your computer system goes down
- Eliminates signature plates, rubber stamps and check signers
- Provides a simple upgrade path for dot matrix customers to allow for MICR laser check printing

MICR Laser Check Printing features (optional):

- Saves money by using blank secure check stock instead of pre-printed check stock
- Able to create non-negotiable .PDF copies and archive all check disbursements
- Adds forms, graphics, logos, signatures and MICR information
- Can print non-negotiable check copies
- .PDF image files can be indexed for import into most imaging platforms
- Operates with HP-compatible laser printers
- Can convert dot matrix information to laser
- Eliminates the need for separate check stock for each bank account
- Prints a MICR line which meets ABA specifications (with MICR toner cartridge)

- Supports company and bank logos, forms, and graphics
- Can print check copies with "COPY" in place of signature and "NON-NEGOTIABLE" in MICR line
- Secure blank check stock can be pulled from alternate trays
- Prints check numbers (even for customers who do not send check numbers)
- Check numbers are always in sequence
- No checks to void when printer jams
- Autosense feature automatically recognizes which check form to print

Wycom Enterprise Specifications

Compatibility:

- No computer hardware or software changes required
- Multiple printer support available
- Works with any HP-compatible printer supporting PCL5
- Works with nearly all dot matrix printers and can transform dot matrix print data to laser format on the fly
- USB interface
- 10/100BaseT Ethernet
- Print server supports output via LPR/LPD and Direct TCP (raw) protocols
- Compatible with the MICR Laser Check Printing option
- Compatible with the Dot Matrix to Laser Conversion option

Each unit includes:

- 2 signatures
- 2 check account/applications (e.g. payroll, accounts payable, etc.)
- 90-day factory warranty
